

## Limited Warranty Statement

ALDO Products Company, Inc., warrants its products to be free of any and all manufacturing defects and that they will perform in accordance with our written and published information once applied in strict adherence to our application instructions and design guidelines. ALDO Products Company, Inc. will not be liable for any direct, indirect, consequential, incidental, special or general damages of any kind from whatever cause, which may arise as a result of deterioration of any ALDO coating product, other than replacement of coating. It is expressly understood and agreed that ALDO shall in no way be deemed or held to be obligated, liable or accountable upon or under any guarantees or warranties, expressed or applied, including overspray of product, and any implied warranty of the merchantability or fitness for a particular use, or otherwise beyond an ALDO Product and/or System Warranty.

## Contractor Eligibility

All warranted projects must meet the square footage requirements and be installed by an ALDOCOAT Applicator Approved, an independent roofing contractor who has met the requirements to achieve such status. Any licensed contractor may apply for Approved Applicator status. Approval of individual contractors is done at the sole discretion of ALDO Products Company, Inc. Additionally, ALDO Products Company, Inc., does not maintain any interest, financial or otherwise, in any contractor in any market worldwide. Consequently, ALDO assumes responsibility for the product only and the Approved Applicator assumes all labor and workmanship responsibility, unless specifically stated otherwise in a warranty document. An Approved Applicator status designates the contractor as eligible for all ALDO Roof Coating System Warranty Programs and the contractor in no way whatsoever is to be construed as a direct representative or an agent of any kind of ALDO Products Company, Inc.

## Warranty Eligibility Statement

Once the Notice of Award/Aldo Warranty Application Form is submitted and approved by ALDO Products Company, Inc., a given project becomes eligible for the requested ALDO warranty. The minimum mil thickness requirement for each product is dependent on the substrate, products specified and warranty term sought. All System Warranties (covering labor and material) carry a surcharge. The applicable warranty surcharge is billed based on square footage and must be paid in full to activate warranty at time of project completion. Approval of individual projects for any ALDO Product or System Warranty is done at the sole discretion of ALDO Products Company, Inc.

## Warranty Procedure

1. Contractor submits the Notice of Award/Aldo Warranty Application Form with project photos for approval.
2. ALDO notifies contractor of approval of project for requested warranty.
3. Pre-installation inspection performed by ALDO authorized representative.
4. Once project begins, contractor completes the daily check list forms to submit with photographs to ALDO.
5. Contractor submits forms from #4 above and completed project photos to ALDO with project completion date.
5. Post-installation inspection performed by third party inspector or ALDO authorized representative.
6. Inspection Report completed and on file with ALDO Products Company, Inc.
7. All punch list items addressed and completed by contractor.
8. Warranty documents issued, signed by ALDO authorized representative and sent to Approved Applicator for signature.
9. Contractor retains one signed document for his file, distributes one signed document to building owner and returns the third signed document to Aldo.

## Full System Warranty Surcharges

10 Year: 10,000 - 49,999 sq. ft. = \$0.10 per square foot; Over 50,000 sq. ft. = \$0.08 per ft.

15 Year: 10,000 - 49,999 sq. ft. = \$0.15 per square foot; Over 50,000 sq. ft. = \$0.12 per ft.
